President's Message

Greetings to all our fellow GENA members, Sponsors and our Englewood neighborhood residents. We will be meeting this June 9th for our regular meeting, beginning at 7:00 p.m., refreshments and social hour beginning at 6:00 p.m. I urge you to come, and hear the latest involving our community. We are hopeful of having Dan Durbec of "Clean it up, Green it up" come out and speak with us.

Bringing to your attention, that GENA'S first Yard Sale and or Festival was indeed a hit, we had lots of contributions, lots of GENA support and met a number of people that came out to shop and browse and have some food. We (GENA) profited and this profit is being used to have a mass mail out this month. We thank each and all for their contributions. While on this subject, I wish to thank first and foremost Pastor Billy Jones and the Englewood Baptist Church for letting us host this in their parking lot. We appreciate so very much their community involvement, and assistance to our most worthwhile project of raising money. From the bottom of our hearts, we thank you "Englewood Baptist Church", and we are proud to have you as a neighbor and as GENA'S own "Organization of the Month". You do not just talk the talk, but you walk the walk in your love for our community, and it shows.

Now to some news that you might find interesting. I have learned from some sources that hopefully some of Hudnall/Putnam Project will be completed before time, some indicate in as little as forty five days. *(Continued 2nd*

LITTER PATROL

Due to the excessive heat at this time of year, the monthly litter patrol is suspended. However, we encourage you to do your part by picking up litter on your daily walk & checking your street for litter.

Please don't leave litter for someone else to pick up.

We are happy to provide gloves & garbage bags to help you. THANKS for being part of the SOLUTION!

In recognition of their contribution to all of the Englewood area.

(President's message continued from 1st page)

I have had the opportunity to talk with these men and their supervisors and have noted these folks are indeed workers. One will not find among these group of workers of five standing around and observing one man digging a hole. They work hard from seven in the morning until five in the afternoon. I also urge all to be polite and gracious to these workers, as they are doing a job. I have had some reports from them of some people being rude, throwing water bottles etc. For the most part, they state the Englewood residents are most polite and kind to them. We in GENA salute these workers, and ask that all give the respect that is due them.

Now on to a brief discussion regarding our circle. Here is to let all of our residents know that work on the circle is to commence hopefully within the week. The circle will consist of five palms, and grass. At long last we will have an attractive area up there, and we will not be paying for it. The palms are to be tall and slender and will not hinder the view. So keep a look out, for this is coming, at long last. Thanks to Anita Warming and Scott Wilson for keeping us advised.

In closing, I urge each and everyone to come out and join us at our meeting, learn what is happening in our neighborhood, be a voice for your street, and let's all get involved. Thanking each and all.

Jeanie Holler, President of GENA.

Organization or Business of the Month is open to Businesses or Organizations that meets at least 4 out of the 5 following criteria: within or bordering GENA boundaries, be of good value, provide good customer service, have well-kept premises (nice exterior and/or interior), be recognized for greatly improving their premises. Recipients will be featured on the GENA website, receive a certificate of appreciation & will be asked to display GENA promotional material, such as newsletters, etc. Contact any Board member or Officer to make your nomination!
