## G.E.N.A. Newsletter

### ***Message from the President***

Hello Everyone!

G.E.N.A. is 12 years old. It is time to set new goals and new leadership. Together we can make a difference; not I but us! Come prepared for the 1<sup>st</sup> meeting with goals you would like to see accomplished. We are reaching out to everyone: the young, the old and the retired.

### **You Did It!**

Due to G.E.N.A.'s support and compassion for others, we were able to deliver food to a needy African family who are refugees.

### **Collections For Our Troops!**

Thanks to the generosity of Post 88 members, GENA, & the Cuba Hunter Energizers nearly 300 pounds of much needed goods were collected and shipped to our troops in Afghanistan, including toys for the children! The packages were sent to Major Mark Holler serving second tour in Afghanistan. Mark will be overseeing the distribution of the goods to the troops. Special thanks to Post 88 for covering the expense of mailing.

### **Putnam Hudnal Project**

The project is set to begin January 1, 2008. It will consist of several streets including Clinton Ave, Dekalb Ave, Turner and Spring Glen. The laying of pipes will begin at the old "Cherokee Park", wind down Spring Glen, Turner to Clinton, Dekalb and stopping at Hudnal Rd. The purpose of the pipes in the ditch will be alleviate the area of flooding. Some sidewalks will be added, but not sure where/when as of this date.
